**THE CARE OF CREATION - At a time of growing concern for the care of creation**, the Church brings to the environmental concerns of our time the perspective of God's creation and the place of humanity within creation. The Church across the country is taking practical steps with IFM (Inter-Diocesan Fuel Management Limited), based in our Shrewsbury Diocese and supplying all 22 dioceses and over 100 schools with 71% green energy and with a 29% carbon offset. The offset schemes include renewable boreholes in Eritrea and a new energy plant in Bangladesh using household waste (including landfill), to reduce the methane being produced and provide renewable power. IFM is also using its buying power to drive the demand for "green gas" in the UK.

**Live Simply** - As part of our #livesimply plan to save waste we are printing newsletters for those who are not online. This has reduced the number printed each week from 240 before Covid to 40 recently. As more people are returning to church and home deliveries are reducing this will be increased but please only take a newsletter if you do not receive one by email. Please email [ham.parishadmn@gmail.com](mailto:ham.parishadmn@gmail.com) to be added to the email list. Thank you.

**Car Idling Campaign** – Thank you to the staff and pupils from St. George's, St. Mary's College and Ss. Peter and Paul's, who helped us with our Car Idling Campaign. We have been shocked to see how poor the air quality is, particularly at certain times of the day. The data shows that out of 16 days, the air quality was never registered as good. Let us continue with our commitment to improving air quality by not leaving our car idling as well as walking whenever possible.

**CAFOD Climate Appeal: Reclaim Our Common Home – Update with MP!** - We are meeting our MP Dame Angela Eagle on Friday 18th June at 1pm to ask for her support, especially on transport issues and give her the results of the Car Idling campaign. All are welcome to join the meeting. Please email [ham.creation2020@gmail.com](mailto:ham.creation2020@gmail.com) for the link. This year, the UK will host the largest gathering of world leaders ever to take place on British soil: the 'COP26' climate talks. As Prime Minister, Boris Johnson must push world leaders to show the ambition we need to keep temperature rises below the disastrous 1.5 degree threshold. Please sign to urge the Prime Minister to put people hardest hit at the heart of COP26 climate talks [Urge the Prime Minister to put people hardest hit at the heart of COP26 climate talks | CAFOD \(e-activist.com\)](#) There are cards in church for those not online. Please take them to those not in church. If you have already signed, try to get 2 more to sign. You can also use the QR code on the poster or petition card.

**Wirral Foodbank** has been honoured with the Queen's Award for Voluntary Service, the highest award a voluntary group can receive in the UK, equivalent to the MBE for volunteer groups. The award recognises extraordinary commitment and dedication to the job by staff and volunteers. Thank you also goes to our parishioners for their generosity. Without donations there would be no Foodbank to help those in desperate need. This week there is a big shortage of tinned fruit in particular.
