GREAT NEWS – we have been successful with our National Lottery Heritage Fund application and been awarded a grant of **£502 500** towards the cost of the first phase works of the parish project which means that we will be able to have the roofs replaced (no more buckets!) and better insulation, upgraded heating system, additional WC etc. This is wonderful news and will maintain the church for many years to come and extend access to its heritage. Huge congratulations to Tony Mossman and the project team who have worked so hard and put in so many hours over the last few years to enable us to submit the successful application. Many thanks, of course, to the Heritage Fund for awarding us this grant. Thanks also to all the volunteers who have helped in the events so far and who have volunteered for future events. A real team effort and much to celebrate this weekend, please pray for me on Sunday as I celebrate my 23rd ordination anniversary and I renew my priestly promises that I made in front of Bishop Brian on that wonderful day and I recommit myself to you and the parish for the next 12 months. Many thanks and may God bless you all, Fr Phil x.

Live Simply - As part of our #livesimply plan we are only printing newsletters for those who are not online. Please email ham.parishadmn@gmail.com to be added to the email list.

Car Idling Campaign –Let us continue with our commitment to improving air quality by walking whenever possible and not leaving a car idling. For more information [Reducing and avoiding air pollution | Let's Clear The Air Liverpool \(letscleartheairlcr.co.uk\)](#)

Our Common Home MP Meeting - Angela Eagle endorsed the Reclaim Our Common Home petition to the Prime Minister and our government. **Please do sign this petition!** She was also shocked by the poor air quality we had found in Wallasey Village and will take our findings to Wirral Council and ask them what they will do to address the issue.

Martyrs Garden update - Work has started this week to create the new beds, walls and improve the drainage at the side of the church. Please take a look. It will take another week to complete and then we'll be asking for donations for pollinator friendly plants, with red or white flowers, to fill this area. The hard landscaping is kindly funded by a grant from Liverpool City Region Environment Fund.
